## DO YOU KNOW

That Dr. Pierce's Favorite Prescription is the only medicine sold through druggists for woman's weaknesses and peculiar ailments that does not contain large quantities of alcohol? It is also the only medicine, especially prepared for the cure of the delicate diseases peculiar to women, the maker of which is not afraid to take his patients into his full confidence, by printing upon each bottle wrapper all the ingredients entering into the medicine. Ask your druggist if this is not true.

"Favorite Prescription," too, is the only medicine for women, all the ingredients of which have the unqualified endorsement of the leading medical writers of the several schools of practice, recommending them for the cure of the diseases for which the "Prescription" is advised. Write to Dr. R. V. Pierce, Buffalo, N. Y., for a *free* booklet, and read the numerous extracts from standard medical authorities praising the several ingredients of which Dr. Pierce's medicines are made, and don't forget that no other medicines put up for sale through druggists for domestic use can show any such *professional* endorsement. This, of itself, is of far more weight and importance than any amount of so-called "testimonials" so conspicuously flaunted before the public, in favor of the alcoholic compounds.

The "Favorite Prescription" cures all woman's peculiar weaknesses and derangements, thus banishing the periodical headaches, backaches, bearing-down distress, tenderness and dragging-down sensations in lower abdomen, accompanied by weakening and disagreeable catarrhal, pelvic drains and kindred symptoms.

Dr. Pierce and his staff of skilled specialists may be consulted free by addressing as above. All correspondence is treated as sacredly confidential. By consulting in this way the disagreeable questionings and personal "examinations" are avoided.

The People's Common Sense Medical Adviser contains some very interesting and valuable chapters on the diseases peculiar to women. It contains over one thousand pages. It is sent post paid, on receipt of sufficient in one-cent stamps to pay cost of mailing only, or 21 cents for a copy in flexible paper covers, or 31 cents for a cloth-bound copy. Address Dr. R. V. Pierce as above.

Dr. Pierce's Pellets regulate and invigorate stomach, liver and bowels. One a laxative, two or three cathartic.

## NIP IT IN THE BUD.

**First Appearance of Dandruff a Forerunner of Future Baldness.**

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundancy.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

## LETTER FROM MUNICH.

[Correspondence of the Alexandria Gazette.]

Munich, Aug. 21.

Next to Russia, Germany has the largest standing army in the world. This fact bears directly upon the school conditions of the country, as your correspondent will try to show. The common German soldier is a strapping, hardy, handsome fellow, in his red and blue uniform, and he is in many respects a privileged character. He is well clothed, fed and housed; his allowance in cash, during his time of service, is fifteen pfennigs a day, which would equal in American money about four cents. That supplies him with beer, tobacco, shoe polish, etc., supposing always that he receives no allowance from home. "Children and military half-fare" is a familiar sign in places of public amusement and conveyance, and here, perhaps, more than elsewhere, are special terms and privileges accorded to the wearer of a uniform.

Every boy of normal physique and understanding in the land, no matter what his rank may be, must serve his time as a soldier. There is no escape from it, but he may choose between the age of 18 and 23, which year, or years, he will devote to the service. Failing to reach a certain standard in his high school work, his term of service is three whole years. Passing a satisfactory examination, his term of service is only one year.

When one considers that three years may be taken out of a boy's life, just at the time he is most likely to enter a trade or a profession, and that during that time he is earning practically nothing, it will be readily understood that it is a matter of pride in all respectable families, to get their sons through in one year. With this object always before them, the little German boy is kept very conscientiously with his nose to the school grindstone. Failure to reach the standard of an "Einyahriger," or "One-year-man," means expense to the parents, delay in settling himself for life, and, in a certain sense, disgrace and loss of standing.

And so there is a second enormous army, perhaps less conspicuous, but of even greater importance, in Germany, the army of school-boys, the soldiers of the uniformed thousands was once a boy, so in the ordinary course of events, every school-boy with his pack of books upon his back is destined to serve his time as a soldier, and he is never allowed to lose sight of that fact. All over Germany, these two armies, the soldiers of the present and the soldiers of the future, are much in evidence.

Uniformed men passing in and out of dingy barracks; nondescript boys passing in and out of dingy schoolrooms. As the boys of the nation are educated and disciplined, the standard of the army is raised, and the army is the strength and pride of the nation.

It has always appeared to the writer that the school children here were overworked, especially the boys, but when one understands the conditions, it becomes apparent that there is nothing else to be done. Out of the little grey-cloaked lads, seen moving through the grey of the early morning, toward the grim, grey old school that seem to swallow them up, there develop, in a few years, hardy, self reliant, disciplined men, clad in bright colors, marching to military music, exercising under the strictest regime, in barrack-courts that blaze with light and heat.

Many a winter evening, after the lights in the streets were lit, I have forgotten this, and felt a sort of indignation rise in me at meeting the stream of sallow, nervous, spindle-legged, bespectacled little boys on their homeward way, loaded with exercises to be worked out at home, under the severe eye of a father whose boyhood was also sacrificed to the ambition of an "Einyahriger."

No mother could restrain a sort of crazy wish to pick up these over-worked little bookworms, and, escaping with them to America, to turn them loose at a rough and tumble at football, on such a green campus as that at the Episcopal High School at Virginia, U. S. A.! No doubt it would do them good. "All work and no play makes Jack a dull boy." This simple old adage is proven here; shy, nervous, gawky boys abound; but it seems to come right in the end, and if in their childhood something of the sunshine and play of life is lost to them, they are perhaps compensated, in that they have established a strong, characteristic manhood, and having learned to obey, have learned to command. It is a thoroughly disciplined nation.

## In Old Virginia.

From the Richmond Journal.

Old folks get the oldest in Virginia.
Springs are the coldest in Virginia.
The sky is the bluest, women are the truest,
And rascals are the fewest in Virginia.
Chickens crow the loudest in Virginia.
People are the proudest in Virginia.
The streams are clearest, the stars seem the nearest,
And girls are the dearest in Virginia.
Horses are the fastest in Virginia.
Poker players stand the pattest in Virginia.
Taxes are lightest, the moon shines the brighest,
And the people get the tightest in Virginia.
People take things easiest in Virginia.
Corn dodgers are the greasiest in Virginia.
The eye is the quickest, politicians are the slickest,
And whisky makes you the sickest in Virginia.
The roses are the reddest in Virginia.
People die the deadest in Virginia.
Children are the happiest, negroes' heads the nappiest.
And sorghum is the sappiest in Virginia.
The days are never quite so long as in Virginia.
And when my time has come to die
Just take me back and let me lie
Close where the James goes rolling by in Virginia.
There is no land so fair as Virginia.
So full of song, so free from care as Virginia.
And I believe that happy land the Lord prepared for mortal man
Is built exactly on the plan of old Virginia.
—Richmond Journal.

**Result of Wearing High Collars.**

That high collars tend to produce nervous headaches among both men and women is the most recent discovery of a well-known Viennese physician. Quite accidentally the doctor's attention was directed to the very high and very tight style of collar worn by a patient who was always complaining of headaches and giddiness. The collar was laid aside, thus removing the compression of the neck, and the patient's headaches and giddiness disappeared. Struck by this result the doctor paid particular attention to the kind of collars worn by his "headache patients," and in very many instances the change to lower and easier fitting collars brought immediate relief. In the case of women wearing high stiff neckbands it was found that doing away with these had a similarly beneficial result. The doctor declares that nobody with any tendency to headache should wear high collars.—[Pall Mall Gazette.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

WEDNESDAY EVENING, SEPT. 5, 1906.

THE REPUBLICAN programme to unite Arizona and New Mexico as one state appears to be defeated in advance of the vote being taken. Arizona refuses to be merged with New Mexico and sink her identity and political independence. The leading republican organs of the two territories have evidently given up the fight. The Phoenix organ advises its partisans not to nominate joint-state men for office for county officers, because, it says, "it will be impossible to elect any man to office who is not avowedly opposed to joint statehood." The Tucson Citizen says "an overwhelming majority of the people of Arizona are opposed to jointure and will settle with the jointists at the ballot box." The Albuquerque (N. M.) Journal admits defeat of joint statehood and cannot close its eyes to the "very palpable fact that the people of Arizona are overwhelmingly opposed to the proposition and will therefore defeat it." Thus again is the democratic position on this statehood matter approved by the people who are interested.

BRAZIL has entered upon an experiment that will probably cause her much financial trouble in the future by adopting what is known as the "coffee valorization" law. The law provides that no coffee shall be exported from Brazil for less than a minimum price and to accomplish this the three coffee states are to be furnished $75,000,000 to purchase coffee at the valorization price, providing for its storage and care, and furnishing the fund for an eventual control of the rate of exchange, Brazil paper money being at a discount of about 50 per cent. For all this the three coffee states will be responsible unless the national government finally assumes the responsibility. An export tax on coffee is to provide for the interest and principal of the debt. The export tax will virtually act as a subsidy on the coffee raised in other countries, as what is known as Rio and Santas coffee can only be sold at the valorization price. It will probably add to the price of coffee in the American market, but hardly enough to affect retail prices here to any great extent.

AT THE Georgia State democratic convention held in Macon, yesterday, Mr Hoke Smith was unanimously nominated for Governor. The names of the other candidates for Governor were not placed before the convention, as Mr. Smith had defeated them in the recent primary. The Georgia gubernatorial campaign was probably the most expensive of any ever held in this country for a similar office. Col. J. H. Estill, one of the minor candidates, said that his campaign would cost him $10,000. It is understood that Messrs. Hoke Smith and Clarke Howell spent $400,000 each. In plain words the candidates for Governor in Georgia spent, all told, probably $300,000 before the convention met. And the primary method was inaugurated to give every man a chance to become a candidate for office! Was there ever such a mistaken idea? Only the rich, under the primary system, can now secure public office.

ALL OF the federal office holders in this city and vicinity have received circular letters from Mr. C. B. Slemp, chairman of the republican State committee, urging them to make contributions to the republican campaign fund. Mr. Slemp concludes his letter as follows: "By assisting the committee in this general way you will be relieved in great measure of local burdens. I trust that you will respond as liberally as you can, and let me hear from you at an early date." What the local burdens in Alexandria are is not stated, but it is clear that Mr. Slemp is a practical politician and that he wants money to endeavor to buy voters. His efforts to carry Virginia, however, will be in vain.

SIXTY-THREE of the leading fire brick manufacturers of the country met in Philadelphia yesterday and formed a combine, which will control the fire brick industry of the country. The new concern, which has not yet received a name, will have a capital stock of $25,000,000, and will have a daily output of 2,000,000 bricks. Thus the trusts continue to grow despite the anti-trust laws.

PRESIDENT ROOSEVELT'S fame as a law-giver will have to rest upon something else than the Roosevelt navy personnel law, for it has been such an utter failure that Secretary Bonaparte has appointed a board of officers to report upon conditions and suggest methods of improvement.

THE DEPARTMENT OF AGRICULTURE, it is said, is making preparations for a thorough enforcement of the pure-food act, which goes into effect January 1 next.

Call money went up to 30 per cent yesterday in New York and as a result there was a small flurry in stocks late in the afternoon, when prices fell three or four points on several stocks.

## From Washington.

(Correspondence of the Alexandria Gazette.)

Washington, Sept. 4

The objection will be offered by the Sultan of Morocco to the return to this country of Paul O. Stensland, the defaulting president of the Milwaukee Avenue State Bank of Chicago, who is now in custody in Tangier. This information, it has been authoritively learned, was received by the State Department this morning in a dispatch from United States Minister Gummere, who has conferred with the Moorish authorities and found them willing to assist the U. S in recovering the person of Stensland. It is believed that the actual method of getting Stensland back to the United States is still under consideration to some extent. Minister Gummere has been cabled for further information concerning the attitude of the Moorish Government, some parts of his dispatch of this morning not having been clear. As it was expressed by an official of the State Department who read Minister Gummere's dispatch. "He led us to believe that the Sultan had agreed to offer no objection to Stensland return, but before we proceed further we desire an official confirmation of this fact in order that there may not be the slightest trouble of an international character. As soon as Gummere cables this confirmation we propose to take definite steps looking to bringing Stensland back for trial."

While Secretary Shaw will not admit that he has any plans in prospect it is confidently believed that if money conditions continue as they are now in New York he will, before the end of the week, come to the relief of the situation by facilitating the importation of gold from Europe. His method will be, as formally to deposit gold from the Treasury in national banks that have engaged gold for import thus making the money immediately available and saving the banks the interest during the time of the transit of the gold across the Atlantic. Secretary Shaw will leave on Friday on his speech-making tour through the South. Any action that he may decide upon will therefore probably be taken tomorrow or next day.

The Cuban legation in this city is without news from Havana regarding the revolutionary movement. Senor Prado, the charge d'affaires, is, however, at a loss to account for the presence in New York of M. C. Aldam, who is variously styled a commissioner of the government of Cuba and its press agent. He says it is strange that the Cuban government would send a commissioner to this country when it already has an established legation here and, in the absence of further information, he is disinclined to believe the report.

Civil Service Commissioner Cooley announced today that the commission has decided to permit applicants for federal offices in undergoing the civil service test to use either the old or the new form of spelling. "Every one will have two chances at the words which President Roosevelt has included in his list of 300 words," said Commissioner Cooley. It will make it easier for some of those whom we examine."

George B. Matthews, an artist, swallowed thirty-six tablets of strychnine by mistake last night at his studio, 1420 New York avenue. He was taken to the Emergency Hospital.

After shadowing Syrian peddlars for months, officials of the immigration and naturalization bureau of the Department of Commerce and Labor have unearthed a scheme, whereby Syrians afflicted with dreaded trachoma and rejected at seaboard ports have been smuggled into this country from Mexico. Hundreds are now in the United States, it is believed, in violation of the laws, and within the last 2 days twenty have been arrested and will be deported. The plot was revealed to the immigrant inspector in charge at St. Louis, Md., by a peddlar. He then confessed that after being refused passage on ships of America at Naples on account of the disease, he had been accepted as a passenger to Mexico, with forty countrymen. After landing at Vera Cruz, the Syrians made their way across the border secretly and then headed for St. Louis.

The Treasury Department today refused to buy any silver, the best offer made being 67,75 per ounce. This is about one cent an ounce higher than the price at which the Department purchased last Wednesday.

## COURT OF APPEALS.

The Court of Appeals convened at Staunton yesterday for its fall session, Judges Keith, Whittle, Cardwell and Harrison being present. Judge Buchanan is at home on account of sickness. The docket is an unusually large one and will last probably for five weeks. A case in which the citizens of Staunton are much interested is the contest over the office of police justice. Mr. Joseph A. Glasgow, the incumbent, claimed that under the new Constitution he was entitled to hold his office until the general election in 1909, but the City Council recently appointed Col. Hampton H. Wyat, of the Governor's staff.

Yesterday the case of Jerry Lewis against the Commonwealth was submitted on briefs.

The Commonwealth against the Coast Line Railroad Company was argued and submitted. This case involves the two-cent mileage rate under the Churchman law.

### Daughters to Meet.

Daughters of the Confederacy throughout the State are interested in the approaching convention of the Virginia Division, which meets October 10, in Wytheville. Mrs. W. R. McKenny, of Petersburg, the president, will preside.

The Virginia Division just now is interested in the plans for representation of the U. D. C. at Jamestown.

The officers of the Virginia Division are: President, Mrs. William R. McKenney, of Petersburg; Mrs. Charles G. Elliott, of Norfolk; Mrs. C. B. Tate, of Pulaski, and Mrs. Lucy Lee Hill Macgill, also of Pulaski, first, second and third vice-presidents; Mrs. Leiper Robinson, of Bowling Green, recording secretary; Miss Lillian Hixon, of Manassas, corresponding secretary; Mrs. James E. Alexander, of Alexandria, treasurer; Mrs. Cabell Smith, of Rocky Mount, fourth vice-president; Miss Elvira Jones, of Roanoke, registrar; Mrs J. Enders Robinson, of Richmond, historian, and Mrs. J. H. Timberlake, of Atlee, custodian.

The August issue of the Jamestown Magazine says: "United Daughters of the Confederacy are among the most enthusiastic friends of the Jamestown Exposition, and will have an attractive building on the grounds. The site for their building has been selected by Mrs. Frank Anthony Walke, one of the most earnest workers of the 'Lost Cause,' the memory of which the daughters of the Confederacy so nobly perpetuate."

The heavy and continuous rains of the summer are said to have injured planted oysters in the upper part of the Potomac river, many of them being killed.

The British battleship Lord Nelson, sister ship to the Agamemnon, and second in size and armament to the Dreadnought, was successfully launched at Jarrow-on-Tyne yesterday.

Incomplete returns from every county in Vermont indicate that Fletcher D Proctor, republican, is elected governor over P. W. Clements, fusion candidate, by at least 15,000 majority, and that the entire republican State ticket is elected by about those figures.

Dr. Francis R. Beattie, one of the most widely known ministers in the Presbyterian church, and president of the Presbyterian Theological Seminary, died suddenly yesterday at his residence in Louisville, Ky., of heart disease. He was a native of Canada.

In the biennial election in Arkansas Monday for State and county officers, partial returns received by the Arkansas Gazette Monday night indicate that Congressman John S. Little, democratic nominee for governor, will have a majority of 60,000 over John I. Worthington, republican.

Three locomotives were badly smashed up and Hostler Smith was severely injured in a collision in the Southern Railway yards at Spencer, N. C., Monday night. A shifter in charge of Smith, running at high speed, crash into two engines on a siding. The members of all crews saved themselves by jumping.

According to the latest reports the democrats are certain to win in 87 congressional districts that are now represented by republicans and have more than an even change of capturing the 20 other districts necessary for a majority in the new Congress to be elected this fall. The Senate is hopelessly republican.

A white haired man, who gave his name as Samuel Browning and his residence as Kentucky, created a disturbance among the Bryan visitors in the lobby of the Auditorium Annex, in Chicago, yesterday afternoon, by brandishing a knife and demanding to see Mr. Bryan. He was arrested by the house detective and turned over to the police.

Postmaster General Cortelyou yesterday caused to be prepared a statement which would settle the question as to the attitude of the Postoffice Department toward the organization of unions by employes in the postal service. He says, in short, that the employes can form all the unions they desire so long as they are kept strictly within a purely fraternal or beneficiary character. But he warns all employes that he will insist on loyal service from each employe "as an individual and without any thought of his affiliations with any organization."

The body of a Sicilian, bearing eight stiletto wounds, was found in the woods near Jamaica, New York, yesterday morning. The police are positive that the man is a victim of the Black Hand society. The dead man was identified as Gacinto Adamo. There was a gaping stab wound in the back of the man's neck and in the right breast another. Both had been made with a stiletto like instrument. There was also a deep slash across the third finger of the left hand, as if the victim had struggled to save himself before he received his death wound.

The court of review which will hear the appeal of Rev. Dr. Algernon S. Crapsey, of Rochester, N. Y, who has been found guilty of the charges of heresy, met yesterday in the See House, in New York. Edward M. Shepard, of counsel for Dr. Crapsey, pleaded for an adjournment and this was granted. The court set October 19 as the date for the hearing. Edward M. Shepard and Congressman J. P. Perkins, of Rochester, N. Y., appeared as counsel for Dr. Crapsey, who was also present. John Lord O'Brien, of Buffalo, appeared as church advocate, representing the standing committee, which brought the charges.

Dr. Will Hatfield, superintendent of the Miners' Hospital at Welch, McDowell county, W. Va., yesterday shot and instantly killed Concord Woodson, a negro school teacher. Woodson was celebrating over the victory of Joseph Gans, and, walking down the street with pistol in hand, swore he could whip any white man living. Woodson crowded Hatfield, who was unarmed, off the street. Hatfield went to a nearby store, procured a Winchester rifle and went in pursuit of Woodson, and at first sight of the negro shot him dead. Hatfield is a son of Elias Hatfield, of feud fame, is the republican nominee for county commissioner of McDowell county and is prominently known. He has not yet been arrested.

The unanimous nomination of Hoke Smith for governor of Georgia and the endorsement of William Jennings Bryan for President in 1908 was the principal business transacted yesterday by the democratic State convention at Macon, Ga. The names of other candidates for governor were not placed before the convention. The platform adopted contains many radical recommendations and substitutes the majority vote in primaries for nominating conventions in gubernatorial contests. The State railroad commission is severely criticised, while two-cent railroad fares, State railroad control, lower freight rates, negro disfranchisement and increase in the size of the State Senate are demanded.

A prominent merchant of Shongo, N. Y., J. A. Johnson, says: "Several years ago I contracted a cough which grew worse, until I was hardly able to move around. I coughed constantly and nothing relieved my terrible suffering until I tried Dr. King's New Discovery. Before I had taken half a bottle my cough was much better, and in a short time I was entirely cured. I surely believe it saved my life. It will always be my family remedy for colds." Fully guaranteed; 50c and $100 at E. S. Leadbeater & Sons' drug store. Trial bottle free.

Mrs. Evelyn L. Hewitt, wife of Mr. Charles Hewitt, formerly of Falmouth, died Monday at her home in Washington after a long illness, aged 37 years. She was a daughter of Mr. Charles W. Roberson, of Falmouth.

Some excitement was created in Purcellville, Loudoun county, Saturday, by the robbing of the safe in the postoffice of that town between 1 and 2 o'clock that morning. The door of the safe was opened by dynamite and about $300 in stamps and money taken out.

Miss Charlotte Reed Poythress, daughter of Mr. Wm. P. Poythress, residing at No. 8 west Franklin street, Richmond met with a fatal accident last night at 11 o'clock by falling from a second story window, sustaining injuries from which she died shortly thereafter.

A south-bound freight train of the Southern Railway was wrecked yesterday at Fall Creek, about six miles north of Danville, and as a result traffic was delayed until this morning. The wreck was caused by spreading of rails, and six cars left the track. The wrecked cars were smashed to pieces and were piled up in a heap.

Miss Elizabeth Wise, daughter of William T. Wise, was carried from Onancock to Baltimore last Sunday night suffering from appendicitis, and has since been operated on at St. Joseph's Hospital. Her condition is favorable. This is the sixth case of this disease within the town of Onancock and immediate vicinity during the past three weeks.

Gov. Swanson has ordered a special election to be held in the Fifth congressional district, on November 6, the day of the usual election, in order that the vacancy caused by his own resignation as a member of Congress may be filled. This means that the name of Judge E. W. Saunders, the democratic nominee, will appear on two tickets, that for the unexpired term and for the regular term.

Mrs. Virginia Guckenheimer, daughter of the late J. S. Gerst, of Danville, and Herman Myers, mayor of Savannah, Ga., were married at the Country Club, Danville, yesterday. Dr. George Salstmon, of Savannah, officiated. The marriage was kept a secret, and even the most intimate friends and relatives did not know of it until the ceremony had been performed. Mr. and Mrs. Myers left on the evening train for a bridal trip west.

Millions of tiny fish marked in a peculiar manner were seen yesterday swimming about in the water that fills 80 per cent. of the cellars of Winchester. The water is due to the recent rains and cloudbursts that continued for three months. The fish average an inch in length. The upper part of the body is black and the tails are white. How the strange creatures got into the cellars is a mystery. Fifty years ago, according to old inhabitants, fish were found in the cellars of Winchester, and at that time a fatal epidemic of typhoid fever prevailed.

Charles E Allen, aged thirty-four years, who has for several months been employed on the double tracking of the Southern Railway at Hurts, near Danville, committed suicide at an early hour yesterday morning at the Hotel Morgan in Danville, by taking an overdose of morphine. The guests were aroused by his groans, but all efforts to save the man proved futile. His home is in Little Hocking, Ohio. Allen was formally employed as conductor on the Great Northern Railway in Montana and married in Danville. He and his wife had separated.

### Defiant Female Employes.

The revolt of the employes in the bindery at the government printing office against the recent orders looking forward to obtaining a greater amount of work out of the employes in the bindery led to the peremptory dismissal of a woman employed in the bindery yesterday. It seems that a day or two ago Miss Ellen F. Sydnor, who is a sewer in the bindery, was changed from time to piece work. Miss Sydnor objected vigorously. Yesterday she called on Public Printer Stillings and told him her grievance and demanded that she be returned to time work. Miss Sydnor told the Public Printer that unless she was reinstated in her old place she would "fight the matter to a finish." Miss Sydnor demanded immediate action, which Mr. Stillings would not grant, telling her that he must make an investigation before action. She replied that she would not wait for an investigation, that she would not work on piece work, that she would not resign, and she made threats that she would give trouble if she were dismissed. Under the circumstances there was nothing for the Public Printer to do but to dismiss Miss Sydnor at once.

The order transferring a number of the women in the bindery from time work to piece work resulted from the conviction that such a change would be to the material benefit of the printing office. It was found that the women who had been paid by the day, when paid by the piece earned on the first day about 35 cents. The second day showed some improvement, and gradually, as the women learned that their earnings depended solely on their industry, their earnings increased until most of them were making $1.75 a day, although, of course, their industry and activity was more pronounced than it had been when they were working under the time system. It is stated that the piece system entails no hardships for industrious workers, because many who have been doing piece work for sometime are earning as high as $3 a day. The objection to the piece system comes from the women who have been heretofore employed by the day.

In these days of rush and hurry courtesy is often forgotten. In the mad, pell mell rush of our little life things are done to offend that we rather remained undone. A hastily eaten meal and its resultant headache may cause us social or financial loss. The wise man or woman is the one who believes little ills of this sort by a little dose of Kodal For Dyspepsia. It digests what you eat. Sold by W. F. Creighton & Co., 401 King street.

## Today's Telegraphic News

### Maynard Nominated.

[Special Dispatch to the Alexandria Gazette.]

Norfolk, Va., Sept. 5.—It will probably take the official count to decide the result of the primaries in the Second congressional district for the democratic nomination, which is regarded as equivalent to an election. However, Congressman Maynard, the incumbent, with several precincts missing, seems to have won by a smaller majority over Col. Cabell.

### New York Politics.

Albany, N. Y., Sept. 5.—Called for the purpose of sticking a political pin in the gubernatorial balloon of William R. Hearst and to prevent the "trusts from flirting with Miss Democracy in the Empire State," democratic representatives met here today. The only democrat from Greater New York in the conference was District Attorney Jerome, of New York. No other democrats of the big city were invited. The invitations indicated the design of the meeting by stating that the meeting was to "save the party from the grip of selfish corporations or some unprincipled demagogue." No names were mentioned.

Only the conservative members of the democratic party in the State were present when the meeting was called to order. Before the conferees met every one was telling every one else that it was not a Jerome meeting, but the fact that the District Attorney was the only New York city democrat present indicated that his boom for Governor would be put overboard on the political seas today. Former Mayor Thomas M. Osborne, of Auburn, who brought the conference about, said today that the meeting was to prevent the splendid old democratic ship from going ashore on the shores of radicalism. He said there was serious danger of a split in the democratic party in the State at this time.

Binghamton, N. Y., Sept. 5.—After lieutenants of William R. Hearst had flooded the state prohibition convention with literature and buttons and the liveliest sort of an internal fight had been kicked up, over the proposed plan of indorsing the Independence League candidate for Governor upon the strength of his promise to fight the demon rum, if elected, the "prohibs" finally have gotten together and today Hearst is scratched entrat for blue ribbon honors. The logic which finally won for the enemies of Hearst was that as he was not a prohibitionist himself, to say nothing of a teetotaller, he would scarcely make an ideal prohibition candidate.

New York, Sept. 5.—Richard Croker is coming back to fight the battle for William Jennings Bryan to be President. The old Tammany Sachem will emerge from his political retirement and leave his country estate in Ireland and come here to make the fight for the Nebraskan. All the exhortations and blandishments of his friends in Tamany Hall to return and take up the political reins in this city have been met in the past with the flat refusal. Miss Anne E. Campbell, who returned on the steamship Carolia, told the newspaper men that she was a guest at a dinner given in Belfast, Ireland, to William J. Bryan and that in her presence Croker told Bryan that he intended to return here and work and vote for him. Mr. Croker told Mr. Bryan, according to Miss Campbell, that if Roosevelt were nominated for the presidency a democrat would be elected.

### Charged with Embezzlement

Philadelphia, Sept. 5.—Upon warrants charging embezzlement and making false returns, sworn out by a depositor of the wrecked Real Estate Trust Company, Adolph Segal, promoter; Wm. F. North, the treasurer, and M. S. Collingwood, assistant treasurer of the wrecked institution, were arrested this morning and arranged before Magistrate Kochersperger at Central Police Court. Segal's bail has been fixed at $25,000 by the magistrate. The other two men will be required to enter $10,000 each.

Shortly afternoon Mr. Segal, and his attorneys appeared before Magistrate Kochersperger, and enter $25,000 bail, which was promptly furnished. North and Collingworth also entered $10,000 bail each. All three men will be given a further hearing tomorrow morning.

Bail was furnished for North and Collingwod by W. Shelmerdine, a well known railroad man, and W. J. McCohan, millionaire Sugar refiner. Morris Rosenbaum, manufacturer, entered bail for Segal.

### Terrorist Outrages Anticipated.

Warsaw, Poland, Sept. 5.—Wholesale terrorist outrages are expected to break out throughout all Poland in the very near future as the result of a new programme of action adopted by terrorist leaders here. Terrorists are no longer able to remain in the city with the impunity which they enjoyed for so many weeks. Every known terrorist has been marked for arrest, and scores have been taken into custody. As a result hundreds have been driven from the city and are now scattering throughout the country. All the terrorists who have been driven from Warsaw will act as agitators among the people of the smaller towns. The reign of police murders which was carried to such a terrible extent in the Polish capital will be established in every community where allies of the terrorists can be secured to carry out the attacks on police.

### Soliciting Campaign Funds!

Boston, Sept. 5.—Enemies of District Attorney Moran are making much of an accusation that one of his followers met Henry T. Schaeffer of Boston and asked how much he would give the state democratic campaign committee funds in case he were permitted to run for Lieutenant Governor on the Moran ticket. Mr. Schaeffer has made public a letter in which he informes Mr. Moran of this fact. The District Attorney's reply has been a challenge to Mr. Schaeffer to name the person who demanded the contribution and the declaration that if Schaeffer refused he would be summoned before the grand jury and forced to go to jail for contempt.

### New York Stock Market.

New York, Sep. 5.—Money was the only thing spoken of during the first hour and the loan crowd was a mass of borrowers looking for accomodations. The first offer made was $100,000 by Frank Havin, at 17 per cent. This was quickly taken and in a few minutes the rate advanced to 24 per cent. with only small amounts in sight, chiefly brokers' balances. The opinion was freely expressed that Secretary Shaw will have to do something and an idea prevails that action in the way of making heavy government deposits in the national banks will be announced. Price movements after the first few minutes were almost toward lower levels. Following some gains made just after the opening, practically everything traded in made some decline during the first hour, and the tone of trading was feverish and unsettled.

### Nelson's Condition.

Goldfield, Nev. Sept. 5.—Battling Nelson is today the occupant of a dark room, shut off from all communication with the outside world and under the constant care of doctors. The Dane is in bad shape after his fight with Gans. His face is bruised and slashed almost beyond recognition and at times he is delirious. It will probably be several days before he is able to get away from Goldfield. Feeling against Nelson and Nolan is still high among the miners. While they saw a good fight, they still resent the conditions imposed upon Gans. Gans declaration that he was offered $25,000 to throw the fight to Nelson has increased the sentiment against the Dane.

### The Case of Stensland.

Tangier, Morocco, Sept. 5.—Paul O. Stensland, president of the Milwaukee Avenue State Bank of Chicago, who was arrested here on Monday, will be returned to the United States without opposition from the Moroccan authorities. Although no extradition treaty exists between the United States and Morocco, it is charged here that the Sultan will agree to the return of the prisoner. It will require several days to arrange the formalties for the banker's return. Stensland, in the meantime, will be held as a prisoner in the American legation, where he has remained since his arrest.

### Three Freight Trains in a Wreck.

Cumberland, Md., Sept., 5.—A westbound and eastbound freight train on the Baltimore and Ohio had collided at Sir Johns Run, 50 miles east of Cumberland today, blocking both tracks. A third freight train ran into the wreckage. Brakeman, W. J. Woods was killed. S. I. Snyder, engineer, F McKeever fireman are frightfully scalded, and may die. The third train ran into the wreckage before the flagman could be sent back. It is reported that a boy who was stealing a ride, was caught under the wreckage. The road was completely tied up for some hours.

### Home Reception for Mr. Bryan.

Lincoln, Neb., Sept. 5.—An uproarous greeting is in store for William J. Bryan when he reaches Lincoln his home city, this evening, on his return from his world tour. Bryan's neighbors will be out in full force, while nearly every cross road town in the State will send delegations to take part in the reception and whoop it up for Nebraska's distinguished commoner. The city is a mass of flags and bunting, while pictures of Bryan are in almost every window. Lincoln is fairly tumbling over itself to give Mr. Bryan a glad hand-shake when he comes home.

### Strike Nearing an End.

San Francisco, Sept. 5.—The street car strike which has tied up all the lines of the United Railroads in this city for ten days, and caused immense loss to business men, is practically at an end, although cars may not be running for another day. The car men's union last night passed a resolution authorizing the executive committee to arrange for arbitration of all differences between the union and the company. The men will return pending settlement of the troubles.

### Commerative Tablet.

Portsmouth, N. H. Sept. 5.—The bronze tablet commerative of the signing of the Russo-Japanese treaty was affixed today to the wall of the now historic "No. 6" in the Kittary navy yard where the Russian and Japanese envoys held their sittings and where the treaty of Portsmouth was signed. The tablet was ordered by the Navy Department.

### Fort Brown to be Abandoned.

Fort Worth, Tex., Sept. 5.—Orders have been received at Brownsville, from Washington, for the immediate abandonment of Fort Brown. Contracts for extending and improving the fort, which are well under way are annuled. There is great indignaton in Brownsville, over the government's action.

### Submarine Explosion.

Honolulu, Sept. 5.—Hilo experienced a severe earthquake last night at 6:40 o'clock, and soon afterward the beach was found to be lined with dead fish, which had evidently been scalded. It is believed to have been a submarine explosion. Such disturbances are thought to have caused the wreck of the Manchuria and the Sheridan.

### Efforts for Peace.

Havana, Sept. 5. — Congressmen Cruse and Lewa, peace commissioners, who either represent the government direct, or General Menocal, who has undertaken to end the revolution, are in conference today with insurgent General Cuzman, trying to arrange terms of peace under which the revolution can be ended.

### Discussing Political Situation.

Oyster Bay, N. Y., Sept. 5.—President Roosevelt is discussing State and congressional politics this afternoon with Representative Lucius M. Littauer. Mr. Littauer arrived on the 12:20 train, and was at once driven out to Sagamore Hill where he had luncheon with the President.

### From Cuba.

As days and weeks pass with no appreciable diminution of the revolution apprehension at Havana increases. The most conservative testimony from the country districts of the Provinces of Pinar del Rio, Havana and Santa Clara, is to the effect that two-thirds of the people in the country and small towns of these three provinces are insurgents in sentiment, if not in fact.

The following are the demands of the revolutionists:

To declare vacant the offices of president, vice president, all civil governors, senators and representatives "who should have been elected last December."

Those senators elected in 1902 and representatives elected in 1904 to form a congress and call elections for president and vice president.

Will respect life and property of foreigners and natives.

Will avoid bloodshed except to overcome resistance of those defending the illegal government.

Pledge to continue movement until "constitutional rights are restored to the country.

Do not favor any special candidate for office.

### DIED.

Suddenly, this morning, ERNEST LEE SULLIVAN, aged 32 years, son of the late Edward and Margaret Sullivan. Funeral from the residence of his aunt, Mrs. Rachel Sullivan, No. 506 Prince street on Thursday evening at 3 o'clock. Interment private.

### Mr. Bryan.

William J. Bryan, as the guest of the Chicago democracy, delivered yesterday within eight hours two addresses. His first speech, which was made at a luncheon of the Iroquois Club, dealt with political issues and economic questions. The second, made at a banquet given in his honor by the Jefferson Club, was devoted to National Committeeman Roger C Sullivan, of Illinois, whose resignation Mr Bryan demanded, but who, despite this, was indorsed by the recent State convention, which also declared itself in favor of Mr. Bryan as the next democratic nominee for President. Mr. Bryan not only scored Sullivan and his political methods unmercifully, but informed the democrats present, many of whom were delegates to the recent State convention, that he would have none of the approval of the democrats of Illinois, and that he repudiated their recent indorsement of him.

In his afternoon address Mr. Bryan said, regarding his recent utterances in New York on government ownership of railways:

"I stated what I thought with the expectation that everybody would exercise the same freedom. I was led to my conclusions by the corruption of the people of the United States by the railroads. In my judgment we have had no more corrupting influence in American politics than the railroads. I have known conventions to be controlled by passes. I have known judges to be elected by railroads, and I have reached the conclusion that this corruption cannot be eliminated until these natural monopolies become the property of the government. I am opposed to centralization, and therefore should have the local lines owned by State governments, and only the trunk lines owned by the federal government."

### TELEGRAPHIC BREVITIES.

### Cannon and Gompers.

Speaker Cannon, in an address before a large audience in the Opera House at Norway, Maine, yesterday omitted State issues and announced he had come to Maine to help elect a republican House of Representatives and secure the indorsement of President Roosevelt. Aside from national politics, labor was the theme of his speech. He termed Mr. Bryan one of the set of professional politicians who never labored in the mills and factories. He criticised Samuel Gompers for giving out a statement that Representative Littlefield will be defeated, and added "God bless the Australian ballot, whereby the laboring men may vote as they pleased. Samuel Gompers, by the grace of God, these very laborers next Monday will put their foot on your proposition because it is undemocratic and it is not according to the principles of your labor organization."

### The Late J. D. Hooe.

The remains of the late Mr. John D. Hooe, whose tragic death at his home near Warrenton occurred on Monday evening, were brought here this evening accompanied by a number of his relatives and friends and taken directly from the station to Christ Church Cemetery where the interment was made in the family lot. The services were conducted by Rev. P. P. Phillips, of St. Paul's Church. It was at first intended that the funeral should be from St. Paul's Church, but the arrangement was changed today.

The pallbearers were friends of the late Mr. Hooe from Warrenton and on reaching here they were assisted by Messrs. Taylor Burke, J. B. Daingerfield, Arthur Herbert and W. F. Brookes, jr.

A dispatch from Warrenton says:

"The tragic death of John D. Hooe, late Monday afternoon, was beyond a doubt a clear case of suicide. This theory is advanced by his closest friends, and so certain is everybody here of this fact that no post mortem examination was held. A revolver was found under his body and his shirt was unbuttoned in front. Mr. Hooe had suffered from fainting spells, which subjected him to melancholia. Various causes are advanced as to his reason for committing suicide. The most generally circulated rumor is that he had suffered large financial reverses recently. Brooding over his troubles had, no doubt, weighed heavily on his mind and caused the momentary insanity, for such it must have been. He was a man of wide popularity and well known in social and sporting circles throughout the entire East."

A personal friend of Mr. Hooe stated yesterday that he had known for more than a year that Mr. Hooe had been warned by a physician that he had heart trouble and must take the best of care of himself, and it is also said that he had suffered for some time from indigestion, which had a depressing tendency, which he was careful to conceal from his family. There was another intimation to the effect that Mr. Hooe's expenses had exceeded his income for some years, and while he had wealthy relatives and friends who would have been glad to come to his assistance, it is generally conceded that his pride would have forbidden an appeal to them for aid.

### Cash Box Stolen.

Conductor Davis, of the electaic railway, reported at the station house this morning that a cash box, in his charge, containing nearly $500, had been stolen from his train shortly after 8 o'clock. The money was yesterday's receipts from the Alexandria office, and Conductor Davis was to have taken it to the general office in Washington. He placed the box under the seat of one of the cars when the train left the Royal street station at 8 o'clock, and was nearing Payne stteet he sought the receptacle and found it had been stolen. The police are endeavoring to identify the thief and recover the money.

Mr. J. Colvin, superintendent of the electric road, when interviewed this morning, said that it was evident some person who had been loitering about the Royal street station removed the box from the car. The company has offered a reward of $50 for the arrest and conviction of the thief.

### Willow Bark for Tannin.

In connection with the basket willow experiment which the forest service is conducting in Alexandria county, determinations have been made of the tannin contents of the bark taken from various basket willows. These determinations were secured through the courtesy of the bureau of chemistry, of which Dr. H. W. Wiley has charge. According to Dr. Wiley's analyses, the purple willow contains 8.73 per cent. of tannin, and the almond willow 11.38 per cent., or about as much as the ordinary oak tanbark gives. Other varieties of willows grown by the forest service yield only 6 to 7 per cent, of tannin. It seems probable that the large quantities of bark available annually from the more productive species alone might furnish no small part of the tanning material required in the United States. It is hoped that future studies, especially in regard to the use of willow tannin as a tanning material, may be made in the near future.

### That Lost Manuscript.

Rev. William A. Barr, of St. Luke's Episcopal Church, Norfolk, has written from New York State, where he has been spending his vacation, explaining that his and Dr. Nock's proposed book, the manuscript of which was stolen from a steamer on the Potomac river last month, was not intended to create a stir in church circles, or in any other circles but was addressed to that large class of persons who have lost or are losing their hold upon the church because they think that modern thought demands it, to which class he says he and Dr. Nock were striving humanely to minister. In the same letter Mr. Barr says in regard to the report that his religious views and those of his father-in-law, the Rev. Frank Stringfellow, are at variance, that if there is any such difference between their views he has never suspected it.

### Death of Ernest Sullivan.

Ernest Sullivan, a well-known resident of this city, died this morning at the station house. At an early hour this morning Private Watchman Charles Foley discovered Mr. Sullivan lying on the platform at the Mutual Ice Company's warehouse, foot of Cameron street. Upon approaching him he saw that he was ill and later Lieutenant Smith was notified. The latter directed Officers Lyles and Sherwood to take Sullivan to the station house so that he could receive attention. The officers soon fulfilled their mission and Mr. Sullivan was made as comfortable as possible, but he expired ten minutes after he reached the station-house. Dr. Moore, the coroner, was notified and the remains were removed to Demaine & Son's undertaking establishment.

The barge Lily of the West, Captain William Sisson, loaded with lumber by Smoot & Co., sailed today for Fort Washington.

Miss Ethel Larmond has returned from a delightful visit to her friend, Miss Kate Collins, in Orange county.

Miss Mary Hellmuth, who has been spending a few weeks with the Misses Feuchtenberger, returned last evening to her home in Alexandria.—[Charlottesville Progress.

Mr. and Mrs. J. M. Hill and party of seven left yesterday to attend a house party lasting a week given by Mr. Lamberton, a prominent banker of Oil City, Pa.

Mr. S. F. Gregory has returned from Meter, Westmoreland county, where she spent the summer.

Mr. L. N. Dufley has returned from a visit to friends at Remington and Manassas.

Mrs. J. W. Hammond, Mrs. Mary J. Green, Mrs E. H. Hammond and child, Mrs. H. H. Newton and child and Misses Rose Padgett and Eva Devaughn have returned from a pleasant visit to Colonial Beach.

Mr. Harvey Allen is confined to his home by sickness.

Miss Birdie Faulkner, of Arlington, had as her guest last week Miss Ira Rainey, of this city.

### The Steamer Arrowsmith.

The steamer T. V. Arrowsmith, which has been virtually out of service for a year or more, has been stripped of all movable articles and brought to this city and berthed at Reardon's wharf. The Arrowsmith is 46 years old, she having been built at Keyport, N. J., in 1860. Her first service was on the Hudson river, and in her day she was one of the fastest steamers in New York waters. She was purchased about 25 years ago by the Washington and Alexandria Ferry Company and ran on the lower river route. A few years ago she was bought by the Randall Company.

### Dangerous Sport.

Since the reopening of Lee street from King to Prince numbers of young people, male and female, coast on that thoroughfare from Prince to King street in small wagons. The same sport is indulged in on King street from Fairfax to Lee. The diversion is indulged in mostly after dark, and occasionally the children have narrow escapes from being run down by vehicles. The incline on those squares is steep and wagons, buggies, &c., in hurrying on at night often barely pass the wagons operated by the little folks. Parents should take warning and act accordingly.

### Broke Away from the Officer.

Officer Henderson last night about half-past ten o'clock went to the northern section of the city for the purpose of securing a colored man named John Allen, who is wanted as a witness in the case of a colored woman who is charged with receiving goods said to have been stolen in Washington. While the officer was on his way to the station house with Allen the latter broke away from him and ran. Mr. Henderson gave chase and discharged his pistol several times at the fugitive, but in the darkness missed his mark. Allen is charged with assaulting a colored woman named Maggie Bell a few days ago.

### The New Wharf.

The animation which previously existed on the river front between King and Prince streets has in a measure been transferred to the foot of Cameron street by the opening of the new wharf of the Mutual Ice Company. As has previously been stated, this is the largest and most commodious pier in Alexandria. Half a century ago the steamers of one of the ferry lines between this city and Washington arrived and departed from the wharf at Queen street, a short distance above the new wharf.

### Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

James Wilson, arrested by Special Officer Devaughn charged with disorderly conduct and with destroying property at the union depot, was fined $5.

Lorenzo Chase, colored, arrested by Officers Lyles and Sherwood charged with disorderly conduct, and fighting, was dismissed.

### Auction Sale Tomorrow.

Mr. Samuel H. Lunt, auctioneer, will offer for sale at 10 o'clock tomorrow morning at the Royal street entrance to the City Hall, for Messrs. John D. Normoyle, Henry Baader and P. M. Bradshaw, trustees, a lot of ground with the buildings thereon on the south side of Duke street west of Columbus street.

### Alexandria County Day.

Luna Park has been well-patronized today, it being Alexandria County Day. A programme of interesting features had been prepared. The festivities will be continued tonight. Luna Park is growing in popularity daily.

When two strong men come to blows, even if they are well matched, it is not a pleasing sigh, but if the man who gets the worst of it will use DeWitt's Witch Hazel Salve, he will look better and feel better in short order. Be sure you get DeWitt's. Good for everything a salve is used for, including piles. Sold by W. F. Creighton Co., 401 King street.

### Copenhaver Dead.

Joseph H. Copenhaver, the Clarke county wife murderer, died yesterday at the Insane Asylum at Staunton. Copenhaver shot and killed his wife while in a drunken frenzy in the rear of their home, near Berryville, in April, 1904. After the shooting the murderer barricaded himself in his room and defied arrest. He was finally overpowered by Sheriff Smallwood, and taken to jail at Berryville. Later he was tried, convicted, and sentenced to 12 years in the penitentiary. Shortly after he began serving his term Copenhaver's health gave way and his mind became a blank. Copenhaver loved his murdered wife devotedly, and remorse and brooding over his deed drove him to insanity. Several months ago he was removed to the asylum at Staunton. He leaves a son and a young daughter and one sister. Copenhaver was between 50 and 60 years old.

### Torture By Savages.

"Speaking of the torture to which some of the savage tribes in the Philippines subject their captives, reminds me of the intense suffering I endured for three months from inflammation of the Kidneys," says W. Cures Liver Complaint, Dyspepsia, Blood disorders and Malaria; and restores the weak and nervous to robust health. Guaranteed by E. S. Leadbeater & Sons' druggist. Price 50c.

**Supplements to the Decalogue.**

Our social organization has developed to a stage where the old righteousness is not enough. We need an annual supplement to the Decalogue. The growth of credit institutions, the spread of fiduciary relations, the enmeshing of industry in law, the interlacing of government and business, the multiplication of boards and inspectors, beneficent as they all are, they invite to sin. What gateways they open to greed! What fresh parasites they let in on us! How idle in our new situation to intone the old litanies! The reality of this close knit life is not to be seen and touched; it must be thought. The sins it opens the door to are to be discerned by knitting the brows rather than by opening the eyes. It takes imagination to see that bogus medical diploma, lying advertisement and fake testimonial are death dealing instruments. It takes imagination to see that savings bank wrecker, loan shark and investment swindler in taking livelihoods take lives. It takes imagination to see that the business of debauching voters, fixing juries, seducing lawmakers and corrupting public servants is like sawing through the props of a crowded grand stand.—E A. Ross in Atlantic.

**Living In Coral Houses.**

The church built of coral is one of the curiosities of the Isle of Mahe, one of the Seychelles islands, in the Indian ocean. The Seychelles islands, which are supposed by many to be the site of the Eden of the Old Testament, form an archipelago of 114 islands and are situated about 1,400 miles east of Aden and 1,000 miles of Zanzibar. They rise steeply out of the sea, culminating in the Isle of Mahe, which is about 8,000 feet above the level of the ocean and is nearly the center of the group. All these islands are of coral growth. The houses are built of a species of massive coral hewed into square blocks, which glisten like white marble and show themselves to the utmost advantage in the various tinted green of the thick tropical palms, whose immense fernlike leaves give pleasant and much needed shade. These palms grow as high as 100 feet or more, overtopping both the houses and the coral built church. They line the seashore and cover the mountains, forming in many places extensive forests.

**The Boring of Glass.**

Strong glass plates are bored through by means of rotating brass tubes of the necessary diameter, which are filled with water during boring. To the water there is added finely pulverized emery. It is said that thinner glass can be perforated with holes in an easier manner by pressing a disk of wet clay upon the glass and making a hole through the clay of the widths desired, so that at that spot the glass is laid bare. Then molten lead is poured into the hole, and lead and glass drop down at once. This method is based upon the quick local heating of the glass, whereby it obtains a circular crack, the outline of which corresponds to the outline of the hole made in the clay. The cutting of glass tubes, cylinders, etc., in factories is based upon the same principle.

**Moderation In Exercise.**

It is better to be lazy than dead, and it is probably just as comfortable. For obvious reasons the prescription to take moderate exercise is misleading and unsatisfactory. Most of us are constitutionally incapable of exercising moderately. We begin violently and end quickly. And what is moderate exercise? One philosopher who tried it for twenty years arrived at this conclusion: "Keep a pair of Indian clubs in your bedroom. Look at them frequently. Exercise by their suggestion." This has the merit of moderation. It is the same as to walking. Smell the morning, look down the long way that separates you from your business. Then take a car.—Detroit Free Press.

**Anticipating Him.**

"Katharine," said Bob as he brought his club chums down to the depot platform, "these are all my friends."

"Glad to meet you, gentlemen," replied the bride sweetly, "and I am so sorry that you are going to be sick."

"Sick?" echoed the crowd in astonishment. "Why should you think we are going to be sick?"

"Oh, because soon after the honeymoon a married man always finds a great many sick friends to sit up with."—Columbus Dispatch.

**Not of Much Account.**

The lord chief justice of England used to sing in the choir of a parish church. A woman once asked the verger to point out Sir Richard Webster as he then was. The verger replied, "Well, ma'am, that's the vicar and them's the curates and I'm the verger, but as for the choir, as long as they does their dooty we don't inquire into their hantecedents!"

**Stupid.**

"I wish I was half as beautiful as Miss Brown," remarked the fair Edith to Mr. Green.

"Well, you are, you know," replied Green, thoughtlessly.

Then he wondered why she suddenly rose and left him.

**Delicate Operation.**

"Yaas," suddenly declared Cholly Braneless, "I'm going to work. I've made up my mind."

"You have?" exclaimed Miss Peppery. "My! What a delicate operation!"—Catholic Standard and Times.

Good for the cough, removes the cold, the cause of the cough. That's the work of Kennedy's Laxative Honey and Tar—the original laxative cough syrup. Contains no opiates. Sold by W. F. Creighton & Co., 401 King street.

**A Scientific Wonder.**

The cures that stand to its credit make Bucklen's Arnica Salve a scientific wonder. It cured E. R. Mulford, lecturer for the Patrons of Husbandry, Waynesboro, Pa., of a distressing case of Piles. It heals the worst Burns, Sores, Boils, Ulcers, Cuts, Wounds Chilblains and Salt Rheum. Only 25c at E S. Leadbeater & Sons' drug store.

# School Opens September 17th.

That should make you think about preparing your Children's School Outfits. But little more than two weeks to do it in, it would be advisable to begin now. This store caters to the wants of the children with as much care and good taste as it exercises in clothing the "grown ups." Consequently, it enjoys an enviable reputation for selling the best, and at prices often demanded for inferior articles.

We are showing New Fall Dress Goods, Plaids, New Ginghams, New Percales, New French Satines and New Flannelettes.
